Magic Words by Nalungiaq

from Stories of Netsilik Eskimo

In the very earliest time,
When both people and animals lived on earth,
A person could become an animal if he wanted to
And an animal could become a human being.
Sometimes they were people
And sometimes animals
And there was no difference.
All spoke the same language.
That was the time when words were like magic.
The human mind had mysterious powers.
A word spoken by chance
Might have strange consequences.
It would suddenly come alive
And what people wanted to happen could happen –
All you had to do was say it.
Nobody can explain this:
That's the way it was.

Observing Being Guidelines

STATE OF BEING

COMPLETING THE TEMPLATE

The CRAVING BEING Template is written out exactly the same way the CRAVING Template is written out. The only exception is to remember to include the word 'being' where it is written in the template.

COMPLETE THE LEVEL 1 CREATION BEING EXERCISE WITH THE OBSERVING BEING EXERCISE

Our thoughts are not OUR thoughts

**They are the thoughts that we were born
into thinking!**

**Through the Creation Exercises, we discover our true thoughts.
We even find the thoughts behind our thoughts.**

Observing Being Template

This OBSERVING BEING Template is used with Templates 2, 4, and 6.

DO NOT WRITE ON THIS TEMPLATE – when doing the Templates you must write out each word.

OI: Read CI and ask yourself:

what have I observed 'being' in the time since I did the C1 recursion?

Observing being _____ has me be present to being P1.

Being present to being P1 has opened me up into being I1.

(whatever in this moment you are opened up into being).

Opened up into being I1 has me be O1 (what you experience being)

OII: Read CII and ask yourself:

what have I observed 'being' in the time since I did the C2 recursion?

Observing being _____ has me be present to being P2.

Being present to being P2 has opened me up into being I2.

(whatever in this moment you are opened up into being).

Opened up into being I2 has me be O2 (what you experience being)

OIII: Read CIII and ask yourself:

what have I observed 'being' in the time since I did the C3 recursion?

Observing being _____ has me be present to being P3.

Being present to being P3 has opened me up into being I3.

(whatever in this moment you are opened up into).

Opened up into being I3 has me be O3 (what you experience being)

OO:*

Being O1 has me be O2.

Being O2 has me be O3.

Being O3 has me be OO (something you have not written before).

The Unity of Care Community

The Unity of Care Community is an online social network in the making where the members actively research, restore, actualize, and establish systems and activities of unity, whole system thinking and interactive research with others who are working in systems of unity and community. Here we work with communities establishing unity based interactive, interdependent, interrelated systems to increase the ripple effect of unity across our planet, and increase the cultural shift of shared minds, shared hearts, and shared ways of existing.

What's Next

The Mind of Creation is the next book that introduces the 3rd and 4th Creation Exercises, *Craving What* and *Craving What Being*. The Mind of Creation book, written by Tantra Maat is the accompaniment to the Mind of Creation courses - the book, workshops and online courses will be available in the summer of 2017.

The Craving What template is craving with another in the field. It is used for moving from separation to unity with a person or a thing; being connected to the 'who or what' of your life in a unified field.

The Craving What Being template is used for moving into unity with an aspect of your being, which

you feel separate from, such as a state or a feeling (i.e. Joy, happiness, powerful)
